

# Strategic Coaching Canvas

Date: .....

## *Observations*

---

### Research Question

What is your line of enquiry? Why are you filling in this canvas? What is driving your thinking?

---

### Stakeholder Relationship

How would you describe the relationship with the team or community's stakeholders and leaders?

---

### Climate

What is the current atmosphere and is it the right time to consider interventions and change?

---

### Support System

Are the team or community adequately supported, and if so how would you describe this support?

---

### Team Interactions

How do the team or community interact with each other? Are they individualist, sharing, caring and supportive?

## *Interventions*

---

### Actions & Strategies

What are the actions to enable the suggested interventions in the team or community?

---

### Suggested Interventions

What are the areas of interest and suggested interventions? Why are these appropriate for the team or community?

## *Insights*

---

### Ecosystem Interactions

What is your representation of the systemic interactions, causal relationships and influences in the ecosystem? (A Causal Loop Diagram or Soft System Modelling can help in this section.)

---

### Culture

What are the values, beliefs, language, symbols and behaviours in the team or community?
